Look in the VLE - inspiration folder

Portfolio Sessions

Portfolio - Content is KING

What content are you going to
include in your portfolio?

Look in the VLE - Criteria,
Content and Self review folders

Portfolio Sessions

What's your most important decision?

Bootstrap Template

Look in the VLE - Tools for the job folder

Also search the world wide web

Search: "Bootstrap free templates"

Portfolio Sessions

What to change from the template

- Change the theme color
- Change the background picture
- Add sections from other templates
- Delete sections from the template
- Add google fonts
- Update navigation and functionality

Portfolio Sessions

Attention to detail and creativity

- Create own logo and favicon
- Add animation for user interactivity
- Be creative and unique
- Keep it simple and modern
- Avoid misspelling & grammar errors
- Use online resources where needed

Portfolio Sessions

Bootstrap contact form

Look in the VLE for all the necessary files:

- Key HTML code for contact form on One.com - code for form and link to JavaScript file (which calls PHP file)
- JavaScript code for One.com contact form - filename is **contact_me.js**
- PHP code for email contact form on One.com - this should be saved in the bin folder with the filename **contact_me.php**
